Full Life Products LLC
Pilot™

Full Life Products' Pilot™ rollator features an easy-to-use, compact design. The user simply pulls up on a strap and the rollator folds like an umbrella to a fraction of the opened size, creating a space-saving unit that can be stored in the back seat or trunk of the car. A wider, molded seat and backrest provide comfort and increased lumbar support. The Pilot rollator also comes with an attachable storage bag and 8-inch wheels.

Walker

Full Life Products LLC, Moorestown, NJ, introduces the Pilot™ rollator, featuring a compact folding design. While traditional rollators fold in half depth-wise, the Pilot rollator pulls up on a strap and folds up like an umbrella to a fraction of the opened size. A wider, molded seat and backrest provides comfort and increased lumbar support. The rollator also comes with an attachable storage bag and larger 8-inch wheels.
